

Affiliate Disclosure

Last updated: 18 June 2026

RoomNabs is reader-supported. Some of the links on this website are affiliate links, which means we may earn a commission if you click through and make a purchase — at no extra cost to you.

As an Amazon Associate, we earn from qualifying purchases.

We also participate in other affiliate programmes and may earn commissions from qualifying purchases made through links to those retailers.

What this means

- When you click a link to a retailer (such as Amazon) and buy a product, we may receive a small commission.
- This commission comes out of the retailer's margin. It does **not** increase the price you pay.
- Earning a commission never changes which products we recommend or what we say about them.

Our promise on recommendations

The commission we may earn does not influence our content. We choose and describe products based on specifications, value, and suitability for small homes and rentals — not on which retailer pays the most. Where we state a price, it is an approximate figure that can change at any time; always check the current price on the retailer's site before buying.

Questions

If you have any questions about our use of affiliate links, please contact us via our contact page.
